## Fire Code Compliance

The Fire Prevention Program is designed to reduce conditions which would pose a threat to life, property and the environment through a regular inspection and enforcement program. The Borough of Emmaus Council designates the Fire Inspector as the official who shall inspect all commercial, industrial, institutional and multifamily residential facilities/buildings according to an established schedule. Upon approval by the designated official, the business or property owner will be issued a certificate of compliance. Borough of Emmaus Fire Code [Ord. 1141, 9/19/2016]
